

Environmental Impact Statement

Scoping Comment for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company STB Finance Docket No. 35087

Comment Form

00215.010908.AKIM.PCT2.60010.N.CC

How Do I Submit Comments?

- **Written Comments:** Complete and submit this form at the public open house scoping meeting, or follow the directions on the reverse side of this sheet to mail your comments.
- **Recorded Comments:** Provide your comments to a member of the project team or court reporter at this public open house scoping meeting, or call the toll-free project information line: 1-800-347-0689.
- **Electronic Comments:** Submit electronic comments by visiting the Surface Transportation Board's website, www.stb.dot.gov, under the heading "E-Filing."

Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

There will be extreme congestion. Freight trains have been stopped for 15 minutes or more & I have seen cars turning around. There is a lot of noise from the whistles and Cuba Rd should be a quiet zone. What happens if we need to have a fire truck, ambulance or police vehicles at these times & they cannot get through due to the freight trains.

On occasions when the train comes through glasses in the cabinets & the house itself has vibrated. This cannot be good for the structure of our home.

In speaking to others at this meeting your representatives have been giving conflicting answers to the same questions. Seems like you should all be on the same page.

We should have a minimum of trains per day ~~not~~ 5 or less not 20 or more.

Whistles are extremely loud & not good for the environment & the vibration again is not good for the structure.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
